The Chenworth family moved into the Heber 9th Ward in December 1981, in order to be closer to Joe's work as a computer systems analyst for J.J. Johnson & Associates, Consulting Engineers, in Park City, Utah.

Joe grew up in Wilmington, North Carolina, a member of a good Catholic family. In 1963, he graduated from East Carolina University in mathematics and physics, after which he entered the Air Force where he trained as a navigator. The Air Force sent Joe to the University of Utah in 1964 for a year of training in meteorology. While at the "U" Joe met Linda, his future wife. Among his interests are music, physics, linguistics, and hiking.

Linda is a native of Magna, Utah, where she was reared in an L.D.S. home. She attended the University of Utah where she majored in recreational therapy, and where she met Joe during her Junior year. Linda's interests include reading, sewing, cooking, folk dancing, and doll collecting.

Joe and Linda were married in August of 1965 in Mountain Home, Idaho where Joe was stationed for two years. It was during this time that Joe was converted to the Church, thanks to the effores of many people.

In 1967, there came a transfer to Ramstein Air Force Base, Germany. While living in Germany, Joe and Linda were sealed in the Swiss Temple for time and all eternity. Also, during this period, Joe received his Master's Degree from the University of Southern California.

In 1970, the Chenworth's left the Air Force and returned to Salt Lake City where Joe taught math and physics at Skyline High School for the next ten years.

In 1980, Joe left teaching to enter the computer industry, a decision which precipitated the family's move to Heber City.

The Chenworth's family consists of Joe and Linda, together with their five children, Alan and David, who are twins, Eric, Janica and Dallin.
